**Betty Waisanen**
**"Yupo Three Ways," Watercolor**
**Supply List**

Bring your regular watercolor supplies along with:

A substrate for each of the size of paper is a must so we can move them outside to dry. The sizes are 9X12, 11X14 and 26X40. Cardboard will do.

In addition, gather some items around the house for texture: corks, a flat rectangular eraser, tissues, paper towels WITH the design, rubbery drawer liner, string, cut up credit cards, stencils,etc.

NO SALT -- bad for Yupo

Paints:

If you have some Quinacridone watercolors, bring those
Cobalt violet
Permanent magenta
Opera
Turquoise

Don't buy these, just bring them if you have them

Yupo is reusable. If you fail, wash it clean and try again! Use both sides! If the big one is too big, cut it to a better size for you. In class I hope you will use it big!

Bring newspaper if you want to paint the big one on the floor 🦉😬. Kong handles will make it easy, I will bring dowels to make some long! And tape.
