

Joye Moon Flower Design Workshop

Supply List

Bring your standard watercolor supplies PLUS a few extras:

Small spray bottles. These can be purchased at Walmart or Walgreen type places in the travel size toiletries. The tiny spray bottles are usually \$1.00. You will need 3 for red, yellow and blue.

Masking Fluid, a palette knife to apply it and a **rubber cement pick** up to remove it.

Watercolor pencils and a small piece of **sandpaper**, any grit.

Bring your **tube paint** for mixing color for the spray bottles.

Lots of **Viva Paper Toweling**, not the new textured kind.

Floral or Cactus Reference Photos.

We will be working on a 15"x15" piece of 140-pound cold press **watercolor paper**. If you stretch your paper, make it a bit larger so the end product is 15"x15".
