

FRANZ, SUE

Sue was born in Japan and came to The Villages in 1998. While in Japan she painted in oils for several years, but found the medium not suitable to her lifestyle. She began taking colored pencil classes in 2005 at the Lifelong Learning College. Once she discovered colored pencils, she appreciated the cleanliness and portability of them and the fact that they lend themselves to photorealism which her artistic method of choice. She has entered numerous judged shows here in The Villages and been awarded many first-place ribbons. Her eye for detail and exceptional abilities with colored pencils has gained her many admirers in The Villages colored pencil community.
