

Wanda J. Burnette-Walker

“Simply Passionate to Create” best describes my love for creating one-of-a-kind mosaic and fiber art pieces.

I am a self-taught artist, originally from the D.C. area. After over 20 years as a video production editor and photographer, I discovered my love for creating “functional art”. Being a part of the Repurpose Project since 2010, I’ve had the opportunity to share my love for recycling and to teach my unique style of art.

Currently, I have two commissioned art pieces at the new Butler’s Town Center.
